## MIDDLE SCHOOL STUDY GROUP

Instructor: TBD

6th - 8th grade

**9:00 - 10:30 a.m.**

### Science Lab

Students will learn 14 new science labs involving many different disciplines of science. Labs are hands-on experiments and students will put into practice the scientific method. They will also learn to write lab reports.

Fee \$250

Instructor: JJ Hughes

**10:30 a.m. - 12:30 p.m.**

### Math, Lunch & English

Students will have the opportunity to work on language arts and math homework assigned by the parent or JFCA (45 min each). The teacher will be available to assist them in these subject areas and recommend any extra work for practice. A 30 min lunch period will be in the middle. Students can bring their own non-microwavable lunch every week or bring money to buy lunch at the church's cafe.

Fee \$350

Instructor: JJ Hughes

**12:30 - 2:30 p.m.**

### Art in Depth

Students will be learning about the history of art and techniques. From medieval to contemporary, students will create art that will take your breath away as they learn to use different material. To see more about the teacher, please look at Ashley C Walker Designs on Facebook.

Fee \$300

Instructor: Ashley Walker
