

PREPARING THE NOTEBOOK

Before your first meeting, you will make a notebook for each mentee and yourself. Here are the steps:

Purchase a 1" three-ring notebook for each mentee in your group and a larger notebook for the mentor to have more room for the leader materials. It would be good for the notebook to have a clear cover where you can insert the Titus2 Mentoring front cover.

Buy dividers for each notebook that would have enough dividers for the number of months you are meeting plus one for the prayer sheets.

Dividers - You would want to have your first divider be the Prayer section. You would then put one prayer log sheet for each woman plus yourself in each notebook. This is an easy way for the women to keep up with the prayer requests of everyone in the group and a good reminder for each of them to pray for one another.

Dividers - other tabs: you will have a divider for each month of your mentoring "year".

Print out all the documents you will need for your first meeting and put them in the appropriate place in your notebook. Remember, to put the Calendar sheet, Peer Challenge sheet and Personal Ministry Plan in the front of the notebook for the women to refer to during your time together.
