

## TIPS FOR MEMORIZING SCRIPTURE

Read the verse and think about the meaning. Write out the topic, reference and verse on a 3 x 5 card so it is easy to carry with you to learn and review.

Learn the reference first.

Add the first phrase to the reference and say it aloud. Glance at the next phrase and say the reference and both phrases aloud. Continue this process until you have said the whole verse.

Try to say the verse from memory later in the day. If you cannot remember the complete verse, glance at the memory card to refresh your memory.

Repeat the verse several times each day for a week or until you feel the verse is firmly implanted in your mind.

As you memorize and review the verse, think about how it applies to your own life.

Review your verses before you go to sleep at night and ask the Lord to speak to you as you sleep.

Keep a copy of the verse with your quiet time "stuff" so that you can review as you begin your time with the Lord.

Use apps for your phone or tablet to help you memorize and review on-the-go, all throughout the day, at home, at work, anywhere.

REVIEW, REVIEW, REVIEW!! As you learn new verses, review weekly the last few verses learned. On a monthly basis, review other verses memorized.
