- On Monday, February 10 class prices will decrease by 33% by using discount code ~ first
- On Monday, March 24 class prices will decrease by another 33% by using discount code ~ last

SENIOR DISCOUNT

Enter **IAMOVERSIXTY** in discount code field for a \$25 discount.

If you are a senior who takes more than 3 classes, we suggest you use our multi-class discount. See below for codes.

REFERRAL PROGRAM

JF Fitness is thrilled to offer a referral reward system for our participants. We want to reach and share the program with friends and family in our church and community! If you are a current participant and refer someone to JF Fitness who has not participated in Johnson Ferry Fitness before and registers for a class, then we have a gift for you.

- 1 Referral = Receive 1 free class for an entire upcoming semester
- 3 Referrals = Receive 2 free classes for an entire upcoming semester
- 5 Referrals = Receive 3 free classes for an entire upcoming semester

To receive your gift, please have the referred participant list your full name in the referral box during registration. We will then work with you to provide your referral incentive.

CLASS REFUND POLICY

- A full refund is provided if a class is cancelled for the semester by JF Fitness and the participant chooses not to move to another class.
- Refunds are only given for health or injury-related occurrences. In this case:
 - An administrative fee of \$15 will be applied to the refund amount.
 - Refund amounts are pro-rated from the date of the request.
- Refunds are not given when an individual class is cancelled during the semester due to room availability, weather or other reason. If a class is cancelled due to room availability, we typically allow participants to attend another class of their choice.
- Refunds are not given due to scheduling conflicts of participants.

REGISTRATION GUIDELINES

- Register as soon as possible – some classes fill to capacity
- No waitlists are established
- JF Fitness reserves the right to cancel classes based on registration levels. If your class is cancelled, you will be notified and you may select another class if not at capacity.

MULTI-CLASS DISCOUNT OPTIONS

3 Class Pack for \$22 OFF | 4 Class Pack for \$36 OFF | 5 Class Pack for \$50 OFF

To insure you receive the multi-class discount, the appropriate code must be entered at checkout. We do not validate discounts after a transaction has been completed.

3 Class Discount - DISC3CLASS 4 Class Discount - DISC4CLASS 5 Class Discount - DISC5CLASS

CLASS “MAKE-UP” POLICY

Make-up classes cannot be accommodated for several reasons:

- Pricing model is based on registration for a particular class, not a monthly membership fee model which would allow for any-class, any-time approach.
- Participants are on the class roster for the particular class for which they registered, allowing the instructors to become familiar with individuals within the class.
- Many classes are at capacity and cannot accommodate additional participants.

INCLEMENT WEATHER POLICY

Check our social media channel first and hotline second. If weather is an issue at any point in the semester, we will update these forms of communication if needed at least an hour before each class.

 Johnson Ferry Sports  johnsonferryfitness  678-784-5317 ext. 2. (message will address schedule)

Important: If there is no update regarding classes on the social media feed or on the phone message, classes WILL be held. Information is only updated if classes are cancelled. Please note, we will NOT automatically cancel fitness classes because Cobb County schools close. However, please remember, if Cobb County schools are cancelled, there will be no childcare for any classes.

PRESCHOOL POWER HOUR

Childcare is provided by Johnson Ferry as a courtesy to JF Fitness participants. We are dedicated to a safe and secure learning environment, including maintaining a safe teacher-to-child ratio. Our goal is to care for every child and their physical, mental, social, and spiritual needs. Each day will include crafts, playground, snack time, and age-appropriate lessons. Our teachers receive ongoing training throughout the year and are CPR Certified, and Safe Harbor approved.

Class Descriptions

20/20/20 – Intensity 2-3

This class is a 60-minute group fitness class consisting of three different classes in one. Classes will consist of various forms of cardio, strength and flexibility exercises, and muscle conditioning. This class is for those who want to challenge and improve their athletic abilities. A typical class may consist of 20 minutes of boot camp drills, 20 minutes of strength training using weights and the Bosu, and 20 minutes of core work and stretching exercises.

Balanced Body – Intensity 1-2

This class will focus on static stretches for the entire body to improve circulation, flexibility, range of motion, and reduce stress thereby improving relaxation. This class combines the muscle-sculpting and core-building of Pilates with strength and flexibility exercises. This class will use no equipment but will provide a full-body workout through targeted stretching of all muscle groups.

Body Sculpt with Barre – Intensity 2

Emphasizing fluid movement combined with strength training, this class focuses on core strength, lengthening, toning, and flexibility by primarily utilizing the ballet barre. Light weights and other equipment may also be used to improve balance, strengthen your core and lengthen and tone your muscles.

Body Weight Burn– Intensity 2

Get stronger without picking up a weight! Take a break from cardio and concentrate on improving your strength. This class will define muscles through a mix of exercises that use only your body weight to increase muscle strength and endurance. Push yourself to do all the repetitions to get the full effect on the muscle being targeted. No equipment will be used.

Boot Camp – Intensity 3

A full-body workout incorporating fat burning, muscle toning, and strengthening exercises in a time/repetition format. This is training for greater endurance, which will increase aerobic capacity. A variety of equipment will be used each week.

Cardio + Tone w/ Weights – Intensity 2-3

This class features cardio and toning movements while using various sizes of weights. The goal of this class is: to strengthen the heart & lungs, increase cardiovascular endurance, burn fat & calories and tone arms & lower body muscles. Both low impact and high impact options will be shown to accommodate all fitness levels. This class targets the full body. Weights can easily be omitted if needed.

Cardio Strength & Conditioning – Intensity 2

This class focuses on aerobic/cardio strength and full-body conditioning by utilizing the step, bar, hand weights, ball, and other equipment to develop strength and endurance, enhance agility, and challenge your balance.

Cardio Kickboxing – Intensity 3

Combining kickboxing techniques and heart-pumping cardio, cardio kickboxing training is a high-energy, high-impact workout that is guaranteed to burn calories and ramp up your metabolism. Participants will develop muscular strength and definition, aerobic fitness, flexibility and coordination. This fast-paced, challenging class involves exercising all major muscle groups using punching, jabbing and kicking movements, jump ropes, BOSUS, and weights. Kickboxing bags will be used.

Full Body Tone - Intensity 2-3

Enjoy a new playlist each week while performing various toning exercises performed while standing and on the floor. This class targets arms, legs, abs, buttocks and inner thighs. The goal of this class is to achieve: muscular definition/shape, core strengthening, leanness and improve flexibility and balance. This a non-cardio class. Small to medium weights and a mat will be used. Weights can easily be omitted.

Muscle Tone & Development – Intensity 1-2

A targeted and effective full-body workout that creates a leaner and more toned body by engaging all muscle groups. This class has no high impact or cardio, but instead focuses on improving muscle strength and definition through floor exercises, isometric exercises, and body weight exercises. Equipment used includes stability balls, resistance bands, floor discs, and light hand weights.

Pilates Fusion – Intensity 1-2

An exercise technique focused on the art of controlled movements, which improves flexibility, builds strength and develops control and endurance in the whole body. Additionally, this approach to exercise puts emphasis on alignment, breathing, developing a strong core, and improving coordination and balance. This class format is designed to offer both a traditional approach to Pilates and a mix of other exercises designed to accomplish the same objective.

Power Body Sculpt – Intensity 2-3

This class is a unique combination of core training, cardio training, and weight training. Various weights are used while performing low impact aerobic conditioning moves to improve endurance and aerobic capacity. The class targets every muscle group in the body to help you look great and feel your best. If you enjoy weight training and cardio conditioning, this is the class for you.

Senior Fitness Fun – Intensity 1

Exercise is the key to staying strong, energetic, and healthy as you get older - it can be fun too! Reaping the rewards of exercise does not require strenuous workouts. It is about adding more movement and activity to your life, even in small ways. This class is designed for the senior adult who wants to gain mobility, balance, and strength through low impact movements and lightweight and resistance exercises. This class will introduce functional exercises that will help make day-to-day activities easier while improving overall fitness level and muscle tone. Exercises will be performed in a seated and standing position and focus on improving balance, endurance, muscle strength, and flexibility. Equipment used will include chairs, light hand weights, small balls, and resistance bands.

Sports Enhancement/Core and Strength- Intensity 1-2

Join this easy-to-follow class that integrates core strength and stretching exercises to improve posture, enhance athletic performance. Exercises performed in this class provide a solid foundation for more powerful workouts such as weight-lifting, jogging/walking programs and court games. Class includes both standing and mat exercises offering a variety of “lower back friendly” abdominal/core exercise and the usage of stretch straps for better control for maximum stretch, as well as better grip and reach. This class is perfect for tired, stiff muscles that need stretching following activities.

Strength & Stretch - Intensity 2

This class has a two-in-one format that will combine lifting exercises with flexibility exercises to achieve overall increased fitness for all levels. Weights, bands, and BOSUs will be used to help increase power, strength, and balance used in everyday living as well as recreational activities. Straps and foam rollers will be used to aid in improving functional flexibility and increased range of motion as well as injury prevention. No jumping or high cardio required.

Strength Training with Weights – Intensity 2-3

This class is a weight training class designed to increase strength and build and define muscles. All forms of weights will be used. Format of class may vary by instructor but weights will always be used.

Stretch! – Intensity 1-2

This stretching class will blend the strengthening of muscles with stretches to improve balance, mobility, flexibility, and strength. All with stress busting benefits as well. The class will begin with a warm-up of stretches followed by progressive stretching throughout the class. Special focus will be given to body alignment to enhance the overall muscle benefits. This class will build strength and flexibility to perform the skills that seem just out of reach! Floor work is part of this class. All forms of equipment to enhance stretching effectiveness may be used. This includes, mats, blocks, straps, balls, etc.

Intensity 1 - Low Impact/Intensity *

Intensity 2 - Variable Impact/Intensity

Intensity 3 - Medium to High Impact/Intensity
