# How to Log into My Johnson Ferry Account (MYJF)

MY JF

Begin by visiting
https://www.johnsonferry.org/
to log into your MY JF account. If you do not have an account, you can register for one here.
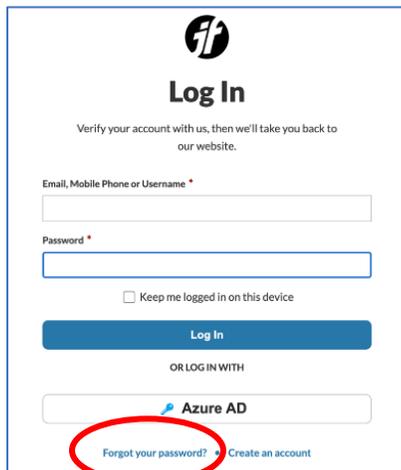

If you have not logged in to your MY JF in a while, you will need to reset your password. Click on "Forgot Password" to do so.
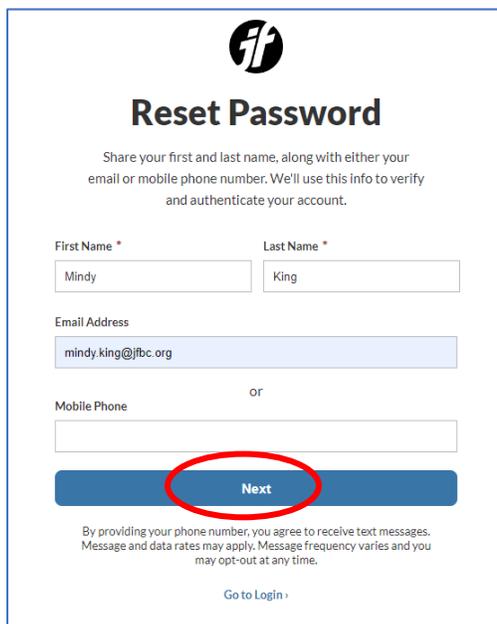

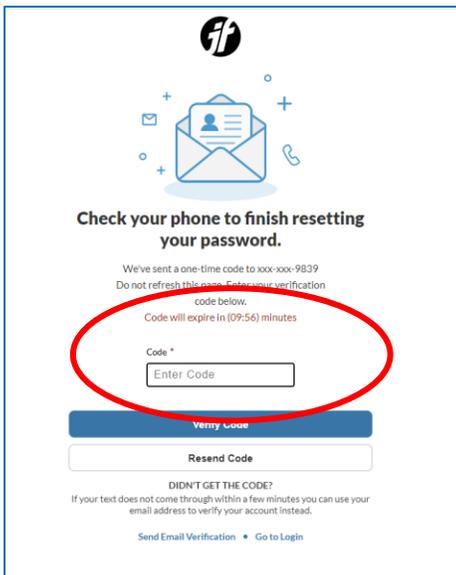

Fill in your name and email address. Please make sure to use the same email address you used previously in the old church database. Click Next.
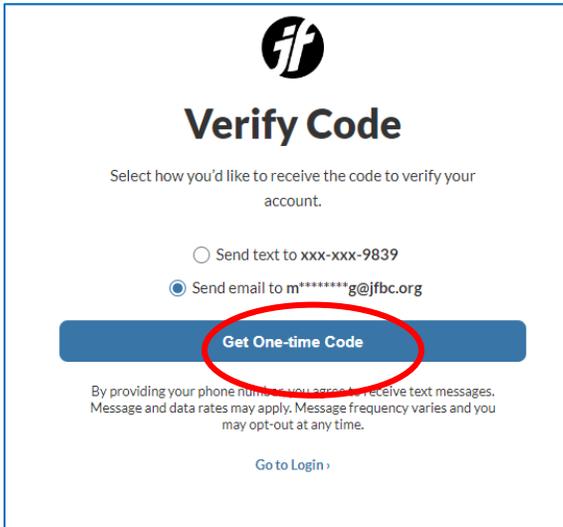

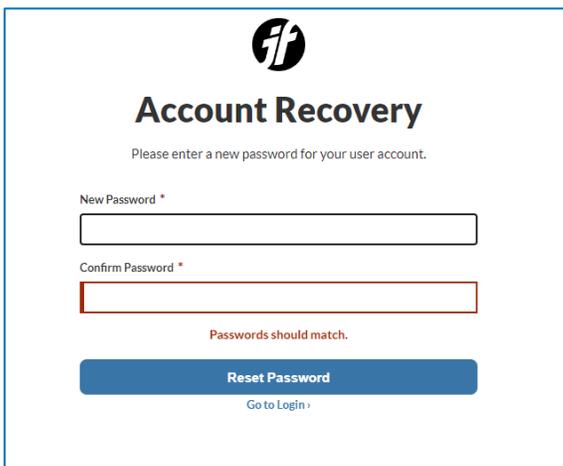

For security purposes, you must select a method in which you would like to receive a verification code. Select "Get One-time Code." You will receive a code immediately. Write down the code or copy it to your clipboard.

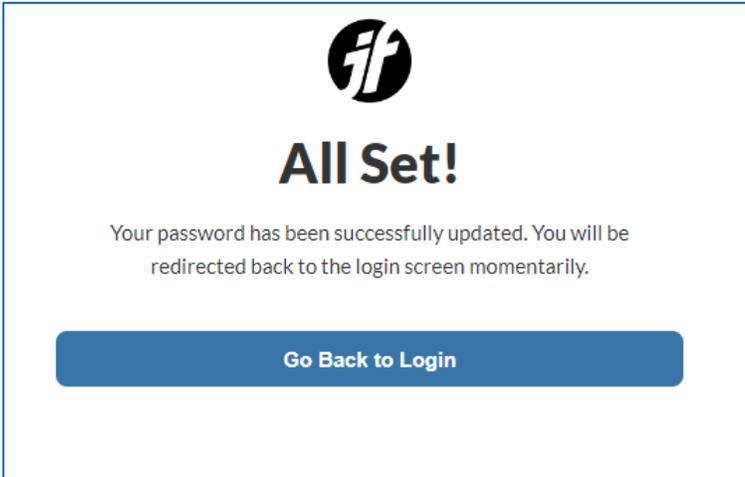

Enter your code in the box circled and then click on "Verify Code". This will take you to the screen to reset your password.

Enter your new password in both boxes and click on the blue box to "Reset Password"

You should see the "All Set" screen once your password has been updated. Click on the "Go Back to Login" button. This will direct you back to your MY JF account login.

You can now login using your updated password.

Welcome to the new church database! To ensure you are logged in, check the right side of the screen for your name (and picture if available).

Click on the My Giving Tab to give a gift or set up a recurring gift.
