

Global Ministries National Short-Term Mission Trip COVID-19 Policy

Within this policy are the measures Global Ministries is actively taking to mitigate the spread of coronavirus on our short-term adult mission trips among Team Members and those being served. Team Members will be required to agree to all elements of this policy to participate in a Johnson Ferry short-term mission trip.

Pre-Trip

- Team Member displaying COVID-19 symptoms (defined by the CDC) prior to trip departure will need to receive a negative PCR COVID-19 test result within 24 hours of trip departure to go on the trip.
- Team Member will **NOT** be allowed to go on the trip and will be fully refunded if they receive a positive COVID-19 test result within 10 days prior to trip departure.

During the Trip

- Mask wearing policy will be specific for each trip.
- Team Members may be subject to temperature/symptom checks daily.
- If a Team Member develops COVID-19 symptoms (defined by the CDC) while on the trip the following will occur:
 - Team Member will isolate in a room by him or herself with leaders regularly checking on Team Member.
 - Team Member may be required to get a rapid COVID-19 test.
 - **If a Team Member tests negative**, Team Member may continue to quarantine depending on severity of symptoms, the trip ends, or arrangements made for Team Member to return home.
 - **If a Team Member tests positive**, Team Member will isolate and work with Team Leaders in conjunction with Global Ministries to make arrangements to return home. Otherwise, team member can return home with the rest of the team as scheduled.
- Once a Team Member tests positive for COVID-19 or majority of the team is exposed, the trip may end prematurely.

I, _____, have read and agree to the Global Ministries Short-Term Adult Mission Trip COVID-19 Policy.

Team Member's Signature _____ **Date** _____

Parent/Guardian's Signature _____ **Date** _____
(Team Member < 18 yrs old)
